PRODUCT DESCRIPTION

Parkour series is a competitive and multi-user product that encourages the user to speed and agility. It allows the user to use his motor skills with functions such as running, climbing, jumping, crawling, balancing and sliding. It allows the user to compete with other users in the game and improves the awareness of competition. Teaches the feelings of winning and losing.

The user is intended to climb the product while maintaining balance and descend to the back side of the product to reach their target.
